- Systematic recalculation of invoice total and tax
- Customer approval of special charges required
- Electronic signature capture
- Clean invoice printed on-site
- Customer choice of summary print, detail print, or electronic copy
- Electronic invoice archive provides quick response to customer inquiries

● Consistent Service

- Developed using current G&K systems and standard processes
- Ensures consistent execution for servicing our customers
- Streamlined process reduces errors
- Quick entries to meet the changing needs of the customer

● Detailed Information

- Accurate and timely customer account information
- Increased communication and partnership

G&K Services Online Invoice Viewer

G&K Services is excited to offer our customers our new web-based invoice viewer.

Just provide your email address to your route sales representative. Then look for an email and follow the link to set up your account. It's easy!

● Email notification each time a new invoice is available

You will receive an email link each time a new invoice is available on-line. Click the link, log in, and view up to 120 days of invoices.

● Convenient to use

Whether you're at home, in the office, or on the move — simply log in to this secure site and locate the invoice you need.

● Print on demand

Log in to the site, find your invoice on-line, and print it. It's that simple.

Sign up today and start viewing your invoices on-line. You will receive an email link from G&K Services each time a new invoice is available for viewing; click the link to create your account.

Please contact your local G&K Services location with any questions or comments you may have about the invoice viewer.

Your G&K Services Invoice Conveys Important Information

The handheld-generated invoice is clean and current, because your account details are maintained during the service call. Account updates are made at the time of delivery. You know that the information you review with your route sales representative on your invoice is accurately entered into our system. Choose from two invoice options: Detailed or Summary.

Please consult your route sales representative if you have any questions about your invoice.
